

*From Middle Kingdom

China: Open Book Unit "Test"*

Attached you will find question pages (that you did not originally receive) that were part of your pamphlet reading. They include a section called "Discussion," from which you will make choices:

- Read the *circled questions* in the "Discussion" sections, and select and write thoughtfully on *three of them*. You must select from *three of the four pages*. This paper will be due on Tuesday 5/2. (You may certainly hand it in earlier and I encourage that.)
- Answers should be carefully organized, with points you make supported by evidence, examples, or facts drawn from the reading.
- One *good, informative* paragraph may sufficient for most of the questions, but feel free to break an answer into more than one paragraph if you feel that would be appropriate.
