

CROSSROADS ACADEMY
SCIENTIA VIRTUSQUE

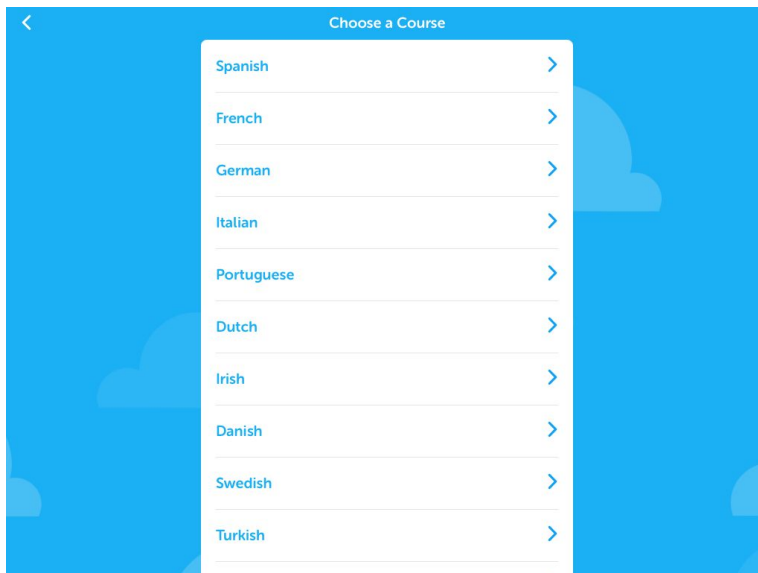

How do I set up my Duolingo account?

It has been suggested to middle school students that they can create an account for the app Duolingo to practice Spanish with their Ipads. In order to do that, and for me to be able to track their work, they should:

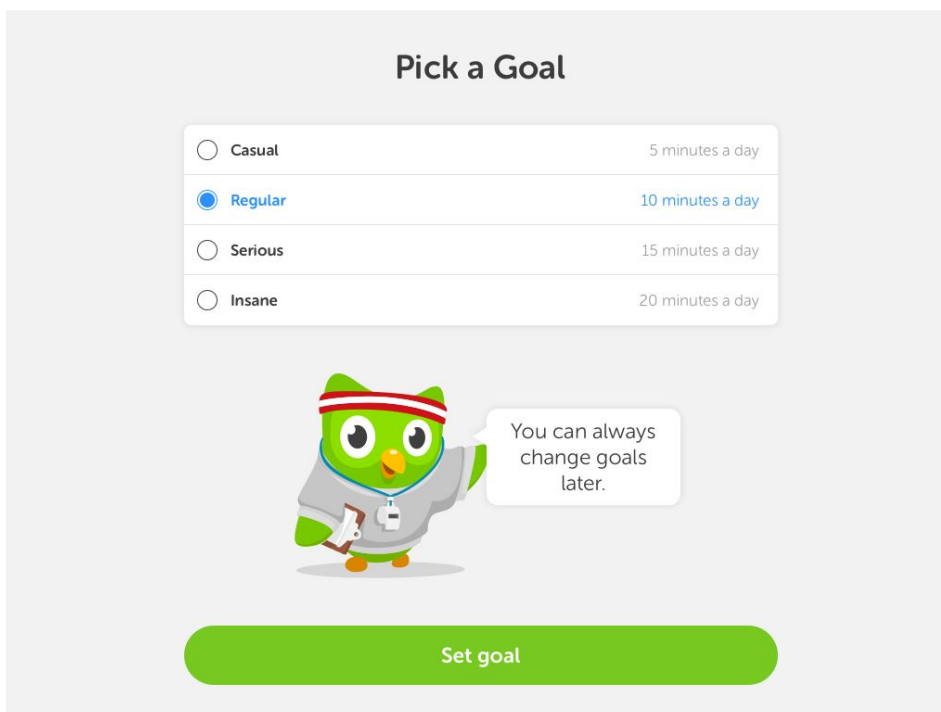

1. Download the App.
2. Getting Started: Students should choose “Get Started” once they open the app.

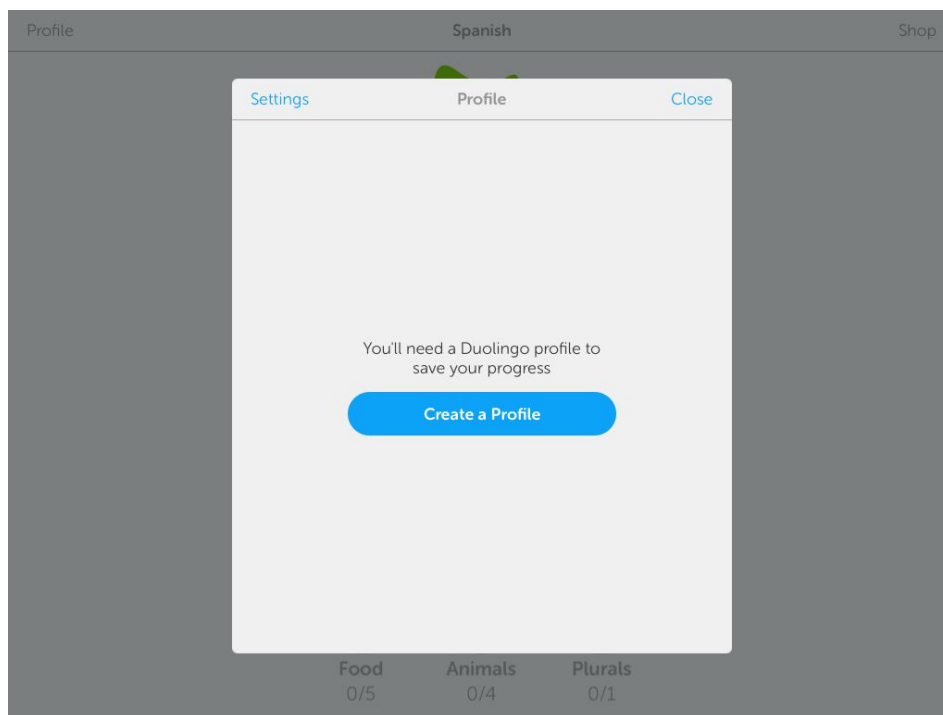

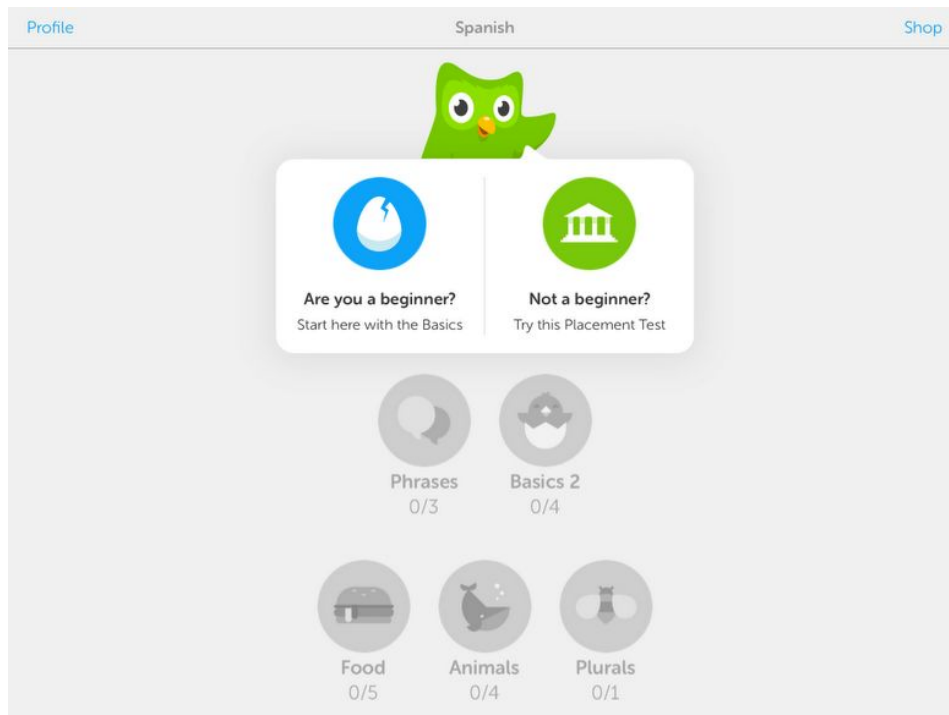

3. Choose Spanish: Students should choose “Spanish” as their course.

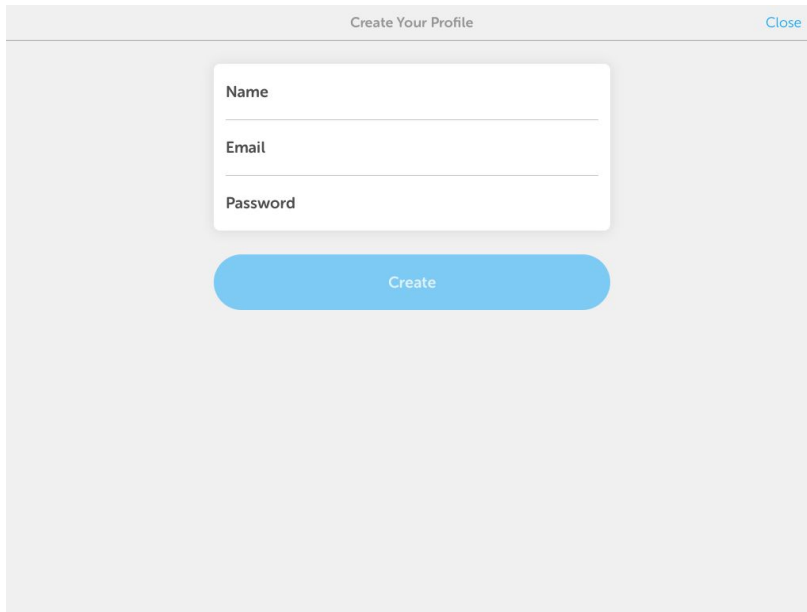

4. “Pick a goal”: This is an optional section where students may choose whatever they feel more comfortable with.

5. Creating an Account: Once in the main screen, students should go to “Profile” and then choose “Create a profile”.

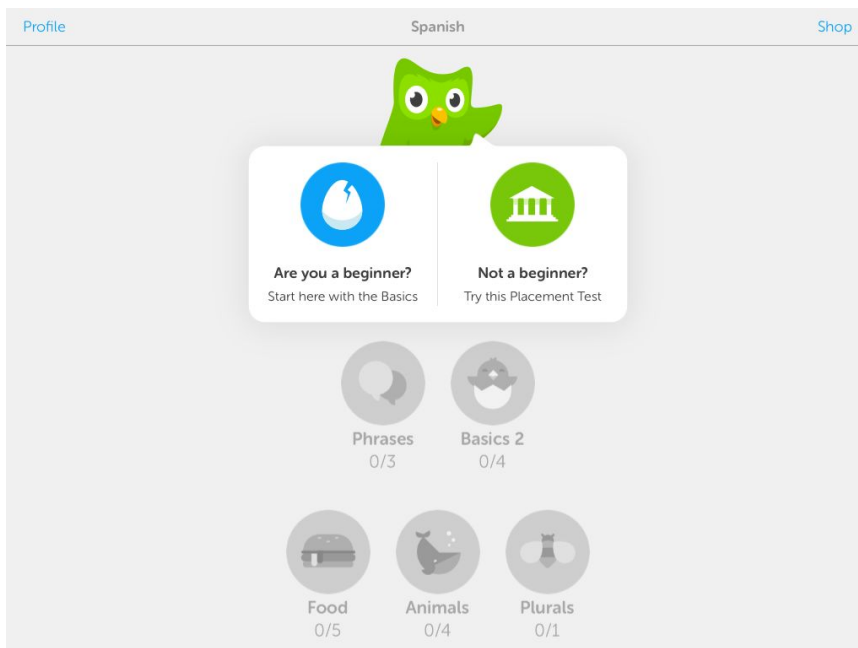

6. Account Information: Students should write their names and use their Crossroads emails.

The image shows a 'Create Your Profile' form with a light gray background. At the top, there is a header bar with 'Create Your Profile' on the left and a 'Close' link on the right. The form itself is a white box with three input fields: 'Name', 'Email', and 'Password'. Below these fields is a large blue button with the text 'Create'.

7. Progress Sharing: Once the account has been created, students should go to “Profile”,

and then to “Progress Sharing”.

For the first part (Share progress with), students should type in my email address:

Share progress with: juan.garceran@crossroadsacademy.org

For the next part (Section or Class), students should type in *Crossroads Academy Grade* (*enter grade number*). This is an example if you are in grade 8:

Section or Class: Crossroads Academy Grade 8

The screenshot shows the Duolingo 'Progress Sharing' dialog box. At the top, it says 'Progress Sharing' with a 'Close' button. Below this, it explains: 'Share your language learning progress with a teacher, parent, or friend. They'll be able to see what you've learned in a dashboard.' and provides the link 'Learn more at schools.duolingo.com'. There is an illustration of three students at desks. Below the illustration, there are two input fields: 'Share progress with' (with a placeholder 'Email address') and 'Section or Class' (with a placeholder 'If provided by teacher'). At the bottom of the dialog is a 'Save changes' button. The background shows the Duolingo interface for the Spanish course, with a top bar containing 'Profile', 'Spanish', and 'Shop'. At the bottom, there are three progress indicators: 'Food 0/5', 'Animals 0/4', and 'Plurals 0/1'.
