

Grade 7 Science

Dr. Day

Week 12: November 13th- 17th, 2017

Osmosis and Diffusion

On Tuesday we will begin a lab on osmosis which we will complete on Thursday. Wednesday we will be doing a fun surprise activity to review the structure of cells.

Homework: Please see the live updating Homework link under Resources on my teacher page

Tuesday: Make sure to finish the pre-lab questions and hypothesis section of your egg osmosis handout

Wednesday: You must label your picture from class today and turn it into me by next Tuesday

Thursday: Complete the rest of the egg osmosis lab and questions and turn it into my box in the middle school by Friday afternoon.
